

Measuring Guide-Choir Robes (Men and Women)

Use a tape measure for circumference measurements, make taut, but not tight. Measure accurately over lightweight clothing. Please wear dress shoes or heels usually worn with the robe.

Chest

Measure around the body at the chest area at the heaviest part of the bust.

Measure the width of the shoulders from one end to the other.

Sleeve-(from Arm Hinge to wrist)

Back length-(from bottom of neck to a slight overlap of the heel of the shoe).
